

The Nordic LipidForum proudly presents a webinar on

Lipids in a sustainable society – from raw materials to inclusion in our diet

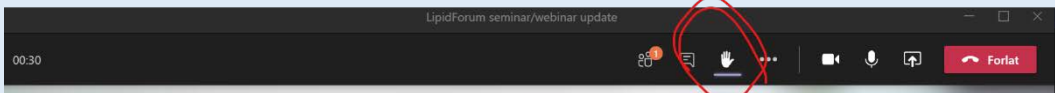

Originally at Chalmers University of Technology in Gothenburg, Sweden
11 – 12 November 2020

House Rules during webinar

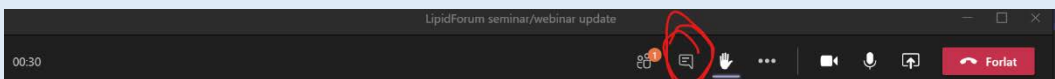

Warmly welcome everyone to this webinar, the very first one in the history of the Nordic Lipidforum! We in the organising committee are really looking forward to this.

In order to organise this smoothly, we have to take some precautions and have put up some house rules during the webinar. The webinar will be organised through Teams. We hope most of you are familiar with this platform. It will be sent out an invitation prior to the meeting.

- All participants are requested to mute their mic and turn their camera off, during the meeting
- There will be possible to raise questions to the speakers after the presentation
- Questions might be asked orally. This is done by clicking the "Raise your hand-button" on the screen:

- You can also raise written questions. Write questions in the chat channel:

- Remember to **unmute** AND turn your **camera on**, when asking questions 😊!
- Make yourself a good cup of coffee before signing in ☕ !

Best regards from the organising committee (feel free to contact us!):

Chair - Prof. Ingrid Undeland: undeland@chalmers.se
Kaisu Riihinen kaisu.riihinen@avena.fi
Anna-Maija Lampi anna-maija.lampi@helsinki.fi
