

# Welcome to The 31<sup>st</sup> Nordic Lipidforum Symposium

12 – 15 June 2022

In Ålesund – Norway

Picture: Destinasjon Ålesund & Sunnmøre/ Arnfinn Tønnessen.

We are happy to invite you all to the 31<sup>st</sup> Nordic Lipidforum Symposium in Ålesund!

The main heading for the symposium is:

*Lipids in Health - contribution of lipids in nutrition and pharmaceuticals:  
safe and sustainable processing*

The symposium will cover a variety of topics relevant for new science of lipids including:

- health and nutritional aspects of lipids
- pharmaceutical aspects of lipids
- lipids in personalised nutrition
- lipids in skin care
- lipids in aquaculture and pet nutrition
- novel lipids and fatty acids
- lipid oxidation and antioxidants
- new processing and technology
- advanced lipid analysis and food safety

We emphasise that the program is open for both marine, plant and animal lipids in all sessions.

The symposium is an important meeting place for scientists, engineers, sales and marketing personnel and all others working within academia, health care and industry. The event is a unique possibility to exchange science and technology issues related to lipids, fats, and oils.

We are also happy to announce that the 6<sup>th</sup> Nordic Lipidforum Academy will be arranged prior to the symposium.

*Ålesund is a city situated at the west coast of Norway, and the city's Art Nouveau architecture is known far and wide. The myriad of turrets, spires and beautiful ornamentation are like something from a fairy-tale. The city, with its nearby region, is a centre for Norwegian seafood industry in general and production of marine oils in special.*

*We are looking forward to seeing you in Ålesund – in the city where mountains and fjords meet the ocean!*

## Nordic Lipidforum

Postal address:  
C/O SINTEF  
Borgundvegen 340  
N-6009 AALESUND, NORWAY
